# Alberta Lung Association

## Notes to the Financial Statements

September 30, 2025

### 1. OPERATIONS

The Alberta Lung Association ("Association") is incorporated under the *Societies Act of Alberta*. Its mission and objectives are to improve respiratory health through fundraising, community health education programs and professional education activities.

The Association is a registered charity under the *Income Tax Act* (Canada) and is exempt from Canadian federal and provincial income taxes. The Association can issue donation receipts for income tax purposes.

### 2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared by management in accordance with Canadian Accounting Standards for Not-for-Profit Organizations in Part III of the Chartered Professional Accountants of Canada Handbook, and include the following accounting policies:

#### a) *Revenue recognition*

The Association prepares these financial statements using the deferral method of accounting for contributions. Key elements of this policy include recognizing:

- Restricted contributions as revenue in the year the related expenses are incurred.
- Unrestricted contributions as revenue in the year received / receivable if the Association can reasonably estimate the amount, and collection is reasonably assured.
- Contributions for endowment and unamortized tangible capital assets, such as land, as direct increases in net assets.
- Restricted net investment income as direct increases to the endowment and as direct increases to net assets.
- Government assistance and grants as revenue in the year it incurs the related and allowable expenses.
- Government subsidies when received or receivable.

#### b) *Measurement uncertainty*

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

**Alberta Lung Association**  
**Notes to the Financial Statements**  
**September 30, 2025**

**c) Expense allocation**

The Association bases the allocations on the function's proportionate share of full-time equivalent employees.

**d) Donated services**

The Association depends on the voluntary service of many individuals in performing its mission. Since these services are normally not purchased by the Association and because of the difficulty in determining fair market value, donated services are not recognized in the financial statements.

**e) Investments**

The Association measures investments initially at fair value, with any changes recorded immediately as:

- income for unrestricted investments and direct increase or decrease in Net Assets Restricted for Endowment Purposes for any externally restricted investment income that must be added to the principal resources held for endowment; or
- a restricted contribution if the investment income can be used for the defined purpose of the endowment.

**f) Tangible capital assets**

The Association records tangible capital assets at cost and contributed tangible capital assets at fair value at the date of contribution.

It records equipment under capital lease at the present value of the minimum lease payments required under the term of the lease.

The Association records amortization on a straight-line basis over the assets' estimated useful lives, over the following periods:

Computer hardware	3 years
Equipment	4 years
Furniture and fixtures	5 years

The Association capitalizes costs related to the planned lung health and transplant recovery facility, including design fees and construction costs. At the time the facility becomes functional, the Association will begin amortizing the asset.

The Association capitalizes costs associated with the land purchased for this facility - including costs to demolish the existing structures, property taxes, maintenance and security costs. Once construction begins, these costs will be allocated to the facility.

**Alberta Lung Association**  
**Notes to the Financial Statements**  
**September 30, 2025**

When conditions indicate impairment in a tangible capital asset, its carrying value is written down to its fair value or replacement cost. The write-down is recorded as an expense in the statement of operations and shall not be reversed.

**g) Software Services**

During the year, the Association adopted Accounting Guidelines AcG-20, "Customer's Accounting for Cloud Computing Arrangements" which is effective for fiscal years beginning on or after January 1, 2024. The guideline was adopted retrospectively. There was no impact on the adoption of this guideline as there were no changes in the recording of software service fees and other expenses related to cloud computing arrangements on adoption. The Association applied the simplification method and software service fees and other expenses related to cloud computing arrangements are expensed as incurred. Total software services of \$125,307 was included in expenses in the statement of operations.

**h) Financial instruments**

The Association initially measures its financial assets and liabilities at fair value, except for certain non-arm's length transactions.

The Association subsequently measures all its financial assets and liabilities at amortized cost, except for investments in equity instruments that are quoted in an active market and financial instruments designated to be measured at fair value, which are measured at fair value. Changes in fair value are recognized in the statement of operations unless otherwise noted. Investments are measured at fair value. Financial assets measured at amortized cost include cash and cash equivalents, accounts receivable and guaranteed investment certificates. Financial liabilities measured at amortized cost include accounts payable and accrued liabilities.

Financial assets measured at cost or amortized cost are tested for impairment, at the end of each year, to determine whether there are indicators that the asset may be impaired. The amount of the write-down, if any, is recognized in operations. The previously recognized impairment loss may be reversed to the extent of the improvement, directly or by adjusting the allowance account. The reversal may be recorded provided it is no greater than the amount that had been previously reported as a reduction in the asset and it does not exceed original cost. The amount of the reversal is recognized in operations.

**3. CASH & CASH EQUIVALENTS**

	<b>2025</b>	<b>2024</b>
Unrestricted cash	\$ 1,292,794	\$ 594,353
Restricted cash	1,166,634	453,965
Held on behalf of others	18,617	17,629
	<u>\$ 2,478,045</u>	<u>\$ 1,065,947</u>

**Alberta Lung Association**  
**Notes to the Financial Statements**  
**September 30, 2025**

**3. CASH & CASH EQUIVALENTS (CONTINUED)**

Restricted cash includes cash restricted by corporate or governmental grant provisions and held for special projects, and cash earned from gaming activities that is governed by specific use provisions.

Cash held on behalf of others includes funds held for Campaign for a Smoke-Free Alberta and Edmonton Thoracic Society (Note 14).

**4. ACCOUNTS RECEIVABLE**

	<b>2025</b>	<b>2024</b>
Donations and pledges receivable	\$ 202,018	\$ 447,853
GST rebate	<u>10,902</u>	<u>6,652</u>
	<u>\$ 212,920</u>	<u>\$ 454,505</u>

**5. INVESTMENTS**

	<b>2025</b>	<b>2024</b>
Unrestricted	\$ 252,577	\$ ---
Deferred contributions for treatment of respiratory diseases	<u>83,048</u>	<u>73,687</u>
	335,625	73,687
Externally restricted for endowment purposes	<u>950,809</u>	<u>887,346</u>
	<u>\$ 1,286,434</u>	<u>\$ 961,033</u>

Investments consist of fixed income bonds and equity funds measured at fair value and guaranteed investment certificates bearing interest ranging from 2.25% to 3.35%, maturing between December 2025 and May 2026, measured at amortized cost.

Investment income consists of interest, dividends and gains/(losses). Investment gain for the year ended September 30, 2025, is \$64,291 (2024: \$163,738) which consists of \$17,630 gain (2024: \$87,158 gain) reflected as a direct increase in net assets restricted for endowment purposes, \$9,361 (2024: \$27,288) deferred for the treatment of respiratory diseases and \$37,300 (2024: \$49,292) recognized as investment income (Note 8).

**Alberta Lung Association**  
**Notes to the Financial Statements**  
**September 30, 2025**

**6. TANGIBLE CAPITAL ASSETS**

	Cost	Accumulated Amortization	2025 Net Book Value	2024 Net Book Value
Computer hardware	\$ 12,362	\$ 9,362	\$ 3,000	\$ 6,274
Equipment	1,759	1,254	505	1,112
Furniture and fixtures	2,542	2,542	-	250
	<u>16,663</u>	<u>13,158</u>	<u>3,505</u>	<u>7,636</u>
Building – pre-construction	-	-	-	632,169
Land	1,401,263	-	1,401,263	1,385,081
	<u>\$ 1,417,926</u>	<u>\$ 13,158</u>	<u>\$ 1,404,768</u>	<u>\$ 2,024,886</u>

Amortization recorded for the year ended September 30, 2025 is \$5,335 (2024: \$3,399). In 2020, the Association purchased land in anticipation of building a lung health and transplant recovery centre. Costs to demolish the existing structures, as well as security costs and property taxes have been included in the cost of the land.

In 2025, the Association has decided to change the original building plan and therefore the pre-construction costs previously capitalized to the building are considered impaired. Pre-construction costs of \$691,081 has been written off during the year.

Other income	52,000	40,365
	<u>\$ 199,101</u>	<u>\$ 219,836</u>

**9. FINANCIAL RISKS AND CONCENTRATION OF CREDIT RISK**

*a) Liquidity risk*

Liquidity risk is the risk that the Association will be unable to fulfill its obligations on a timely basis or at a reasonable cost. The Association manages its liquidity risk by monitoring its operating requirements. It prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations. The Association has a positive working capital of \$1,730,258 at September 30, 2025 (2024: \$767,010).

*b) Interest rate risk*

The Association manages the interest rate risk exposure of its fixed income investments by management of average duration and laddered maturity dates.

*c) Credit risk*

Credit risk is the risk of economic loss arising from a party's failure to repay or service debt according to contractual terms. Financial instruments that potentially subject the Association to concentrations of credit risk consist of cash, investments and accounts receivable. The Association has deposited cash and has investments with reputable financial institutions, from which management believes the risk of loss to be remote. The Association has receivables from credit worthy counterparts. Management does not believe there is a significant credit risk. The Association regularly monitors its credit risk in relation to its financial assets and takes steps to minimize the risk of loss.

**Alberta Lung Association**  
**Notes to the Financial Statements**  
**September 30, 2025**

**9. FINANCIAL RISKS AND CONCENTRATION OF CREDIT RISK (continued)**

*d) Market risk*

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Association has investments subject to risks arising from changes in market conditions and general market fluctuations.

The Association's investment policy restricts the types and proportions of eligible investments to mitigate the Association's exposure to market risk. Management reviews the policy and the results of its strategy annually with the Finance and Audit Committee of the Board to ensure its ongoing efficacy and to adjust policies where required.

Except as otherwise noted, there have been no changes to these risk exposures from the prior year.

**10. ALLOCATION OF EXPENSES**

The Association allocates certain administration costs and professional fees by functions as follows:

	<b>2025</b>	<b>2024</b>
FUNDRAISING		
Computer support & maintenance	\$ 11,667	\$ 11,221
Rent	7,152	5,203
Professional fees	5,250	3,975
Insurance	2,000	1,542
Equipment lease	1,833	512
Communication	1,783	---
	<u>29,685</u>	<u>22,453</u>
MISSION SPEND		
Computer support & maintenance	14,467	18,167
Rent	8,868	18,022
Professional fees	6,510	12,311
Insurance	2,480	2,421
Equipment lease	2,273	2,048
Communication	2,211	---
	<u>36,809</u>	<u>52,969</u>
	<u>\$ 66,494</u>	<u>\$ 75,422</u>

**Alberta Lung Association**  
**Notes to the Financial Statements**  
**September 30, 2025**

**10. ALLOCATION OF EXPENSES (continued)**

The Association bases the allocations on the function's proportionate share of full-time equivalent employees. Management reviews the basis of expense allocation on a periodic basis or when there is a significant change in functions or cost structure and makes any adjustments to the basis of allocation accordingly.

**11. DEFINED BENEFIT PENSION PLAN**

The Association's employees participate in a multi-employer defined benefit contribution registered pension plan administered by Local Authorities Pension Plan (LAPP). The Association accounts for the LAPP using defined contribution accounting since information regarding the plan is not readily available to use defined benefit accounting. Contributions to the plan are recognized as an expense during the year.

The Association contributes 8.45% of each eligible employee's earnings up to the Year's Maximum Pensionable Earnings (YMPE) and 11.65% thereafter as its current service contribution to the plan. Total contributions made by the Association to the LAPP in 2025 were \$38,871 (2024: \$1,852).

The Association's employees also participated in a defined contribution registered pension plan administered by Manulife Financial, which was wound up on December 31, 2024. Under this plan, the Association contributed 5% of each employee's earnings as its current service contribution. Total contributions made by the Association to this plan in 2025 were \$1,160 (2024: \$17,002).

**12. COMMITMENTS**

The Association signed a lease for a shared office space that expires November 30, 2025. The Association pays month to month after the lease expires.

The Association also has committed to lease payments for office equipment that expires December 31, 2028.

Aggregate minimum annual lease payments for the remaining terms are as follows:

2026	\$ 4,281
2027	\$ 2,820
2028	\$ 2,820
2029	\$ 705

# Alberta Lung Association

## Notes to the Financial Statements

September 30, 2025

### 13. CHARITABLE FUNDRAISING ACT OF ALBERTA

The Charitable Fundraising Act of Alberta requires the following information be disclosed:

The Association received gross contributions of \$2,598,363 in 2025 (2024: \$1,762,019).

Soliciting contributions include:

- Direct mail campaigns (direct response), third party fundraising, unsolicited service clubs, staff funds, foundations, online, monthly, memorials and bequests.
- The total expenses incurred to solicit contributions, including employee costs, were \$269,990 (2024: \$615,909). No dispositions equalled or exceeded 10% of gross contributions received.
- The Association incurred \$176,520 in costs (2024: \$172,266) for employees with principal duties related to fundraising.
- The Association dispersed these contributions through Research, Education, Awareness and Community Support that includes:
  - Provincial medical research grants
  - Provincial program grants
  - Community support of patients with lung-related disease

### 14. FUNDS HELD ON BEHALF OF OTHERS

The Association records funds held on behalf of the following groups as part of its restricted cash with a corresponding offset to accounts payable and accrued liabilities.

#### *Campaign for a Smoke-Free Alberta (CFSA)*

CFSA, a coalition of seven provincial organizations, aims to develop, manage and execute a provincial advocacy strategy for a comprehensive tobacco reduction plan for Alberta, including taxation, control legislation, regulations and evidence-based programs relating to tobacco. Coalition members include the Canadian Cancer Society (CCS), Heart and Stroke Foundation (HSF), Action on Smoking (ASH), Alberta Health Services (AHS), Alberta Public Health Association, Alberta Policy Coalition for Chronic Disease Prevention (APCCP) and the Association.

The coalition makes decisions on a consensus basis. Expenses and payments are approved by two member organizations, currently CCS and ASH.

#### *Edmonton Thoracic Society (ETS)*

ETS, a coalition of lung health professionals, aims to educate patients and health providers about chronic lung illness. It funds its activities through corporate sponsorship requests for its seminars. The Association provides administrative support through volunteers and receives no compensation in return.
